

Stocking simplified.

Sustainability optimized.

This system is the ideal choice for transporting heavy products from the floor to the store. Providing easy access to product at retail, the clean, minimalistic look of this heavy duty crate increases sales by ensuring focus on the product, not the display. This long-lasting, reusable display is also a far more sustainable alternative as it enables a reduction in corrugated waste. Crystal Clear Tray Display offer a more aesthetic and sustainable display for bulky products without sacrificing functionality, strength, and durability. Combined with our rolling dolly for optimized maneuverability, our Crystal Clear Tray Display ideal for both display and storage.

Durable

Strong trays can handle moving heavy products effortlessly and reduce damage in the process.

Aesthetically Pleasing

A simple, open look increases sales and offers more access to the product.

Labor Efficient

Reduce restocking needs with a display system that is ideal for both storage and display.

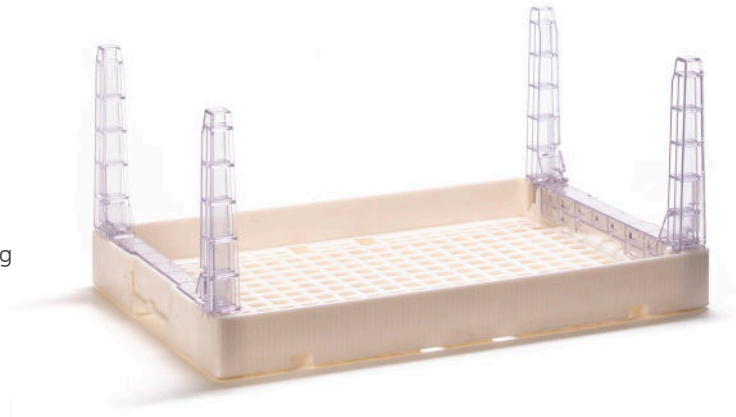

Features and specifications

Open Sides

For easy access to products

Sustainable

Reusable, long-lasting display system eliminates single use-packaging
