

# A Retail-Ready Pallet for Transport and Display

Increase product availability with this reusable plastic pallet. Designed to go straight from truck to retail aisle and sized for just one stack, it can replace traditional shelving, eliminating the time and cost of merchandising. Designed for versatility, the 1/4 pallet works with both foldable and nestable crates.

## Efficient

Uniquely designed to replace traditional shelving, eliminating both the time & cost of merchandising.

## Durable

This durable, long-lasting product supports many years of use without breaking down or splintering.

## Improves Availability

Simple and easy restocking ensures maximum product availability for customer.

## Features and Specifications

### Popup system
